Effective from 8/1/2021

Daily Program 日常安排:

Our lives have changed since the Covid-19 pandemic. Distance learning, social distancing, and wearing face coverings are part of our daily routines. Wing Education Center has stood strong and remains flexible to help families to utilize available resources and develop after school programs to ensure safety for all learners at the 2021-22 school year.

Collaboratively we are planning to start the 2021-22 after school programs for two options.

- Full Day Option: accommodate students still to do distance learning
- After School Option: accommodate students back to do after school study

In both cases, the goal for our learners is to finish homework, enrich English, Math skills, practice Chinese as well as establish wellness activities. Free snacks are provided by our programs.

We will also offer other optional classes: English Reading, English Writing, MPM Math, Fine Art Drawing, Group Piano, Abacus, and Lego Robotics.

Computer Lab is set up to help students to finish their online homework.

School pick-up could be arranged for students from Milpitas, North San Jose.
